NEAL ROAD LANDFILL RATE INCREASE

The Butte County Board of Supervisors has approved an increase to landfill rates effective July 1, 2007. As a result, we are forced to pass on that increase to both residential and commercial customers.

The amount of the increase to our customers will depend on your trash container size. Price increases have not been finalized, however, NRWS has been informed by the county that the price increase on average will be 22 cents per household per month. The price is based on the volume of trash going to the landfill.

Cart Placement/New Town Ordinance

Carts are to be placed out by 6 a.m. on your service day, two feet away from other objects, lid opening facing the street.

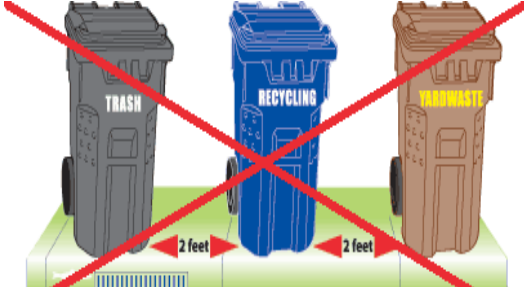

Under the Town's Solid Waste Ordinance it is illegal to "place and leave solid waste/recyclable containers at curbside or roadway collection point longer than 24hrs before collection pickup or beyond 24hrs after pickup."

YES

Every Other Week Pickup
It is not necessary to place all three carts out each week. **Only garbage** is picked up every week. Recycling and Yard Waste alternate weeks. See below calendar for corresponding weeks.

NO

Missed Pickups

Often we receive calls concerned that our local, dedicated drivers have only picked up one cart. Each week two trucks will come to your house, one to pick up the garbage and one to pick up the recycling or yard waste. They follow each other at variable times on the same day.
